

1=2

1 gift changes 2 lives

**GIVE HOPE
TODAY**

For people living with disabilities, and people who live in economically-disadvantaged communities, it is common for us to be overlooked. But if our lives have purpose, and if we have good works to do, we need your help and partnership to do them. Your donation today will not only buy school supplies, it will equip an adult with disabilities to assemble those supplies, and to distribute those supplies to children in need around the Chicago area. Your one gift impacts two lives, and it does so for less than the cost of buying the supplies yourself.

Join us and start something **AMAZING**
