

Elim

We are learning.

2020-2021 Annual Report

WHO IS ELIM?

ELIM CHRISTIAN SERVICES EQUIPS PEOPLE WITH DISABILITIES TO PURSUE THEIR GOD-GIVEN POTENTIAL.

MISSION Elim equips people with disabilities to pursue their God-given potential by offering person-centered services and partnering with their communities.

VISION People with disabilities thriving in their communities.

CORE VALUES

- We are Christ-centered.
- We all have value and purpose.
- We are a learning and sharing community.

WE ARE LEARNING.

“My grace is sufficient for you, for my strength is made perfect in weakness.”

-2 Corinthians 12:9

The theme of this year’s Annual Report is “We are Learning.” What makes this theme so appropriate is that it reinforces one of Elim’s core values of *being a learning and sharing community*. This year’s theme is also appropriate because learning has been such a big part of our lived experience this past year.

Scripture is filled with examples of learning becoming much more effective when circumstances motivate the learner to learn. The adverse circumstances that Abraham, Moses, Job, David, and Paul faced motivated them to learn, and learn they did.

2021, with all the adverse circumstances ushered in by the pandemic, motivated us at Elim to learn, and learn we did.

Here are just a few of the things that we by God’s grace have learned:

- We learned that with all due respect to the great work that we do at Elim, God is in control.
- We learned what an amazing, dedicated, and resilient staff we have at Elim, men and women who do whatever it takes to see that our students and adult participants thrive.
- We learned that while there are so many creative and valid ways to connect, there is no substitute for in-person connecting and learning.
- We learned how resilient and supportive our participants and their caregivers are.
- We learned how to better manage change because we got such a steady stream of it.
- We learned that we are stronger together, and that there are times when together is the only way through.
- We learned that in a year of unprecedented financial headwinds, God faithfully provided for all our needs. Elim’s support base is strong and growing!

As you read through this report, I invite you to be reminded of how good our God is. While the pandemic may have brought us to our knees, it motivated us enough to learn that on our knees is the best place - for all of us to be.

CONNECT

When I first toured Elim I knew right away this was the place for Luke. Luke uses a wheelchair, is nonverbal, and has a visual impairment. When he first got to Elim he was provided with a one-on-one aid and a communication device. He started getting the interaction and support he needed. Luke has been at Elim for six years now.

The attention to detail at Elim is just so amazing, between the adaptive library and all the adaptive technology. And also, the pool! Some people might think this is a luxury, but it is so therapeutic for Luke's body.

I feel like Elim gave Luke opportunities to learn and grow that he would not have gotten otherwise, and I think that's a result of the teachers and therapists and aides and adaptations and resources Elim is able to offer.

Let me tell you, I got this feeling when I toured – it was like this was heaven on earth for anyone, but especially for someone like Luke. Somehow, some way I was going to get Luke into school there because Elim was meant for him.

-Lori Lott (Luke's mom)

ENGAGE

Alia started school at a very young age. She loved the program she was in, but she didn't love her, resulting in her having to go to a different school. It just wasn't the right environment for her.

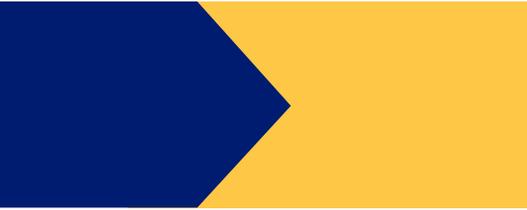

I had never heard of Elim. I didn't know what it was, but I said they wanted Alia to go to a school that provided the support she needs. The first time I went, it was amazing! The whole school was so inclusive, with small class sizes, bikes in the hallway, and a lot of support.

The summer before she came to Elim, she was at a different school. When she started at Elim, immediately she started using it like a rock star. She started with just two words, and asking for things, and her progress.

I think it was because all of the teachers and staff in her classroom, and from her therapists, and her support team! I mean, how amazing is it that she has a support team that works for her, thanks to Elim.

THRIVE

When I was young, the doctors said that a person like me doesn't belong in a normal school, that a person like me would need one-on-one attention, and it hurt my mom. But she didn't give up hope; she knew that there was more than what meets the eye.

At first, I wasn't sure if Elim was the right place for me, but I prayed in my heart just like my grandfather taught me, to feel what's right and don't worry about things because God has ways of working it out.

Elim taught me how to read and how to spell. But the teachers also taught me that I have a purpose. I also learned that things can get bad if you let them, but they can also get good if you allow them to, if you just keep going strong.

After I graduated from Elim, I went on to different jobs. I love being a member of the community and working hard to have a chance to earn money. Elim has given me that chance. Remember, God has plans for you.

-Darrell (Elim adult participant)
